I am writing to advise you the above named patient is currently under my care. Please take this into consideration due to the need for spinal surgery. Patient will need pre-surgery testing. Also post surgery she will have an extended post operative course of at least 90 days. Patient will then be reevaluated at that time.

Please call our office with any additional questions. Please be advised that any medical information needed will require the patient to sign a release of information.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Sandquist", with a long horizontal flourish extending to the right.

Dr. Michael Sandquist
